

## NOW HIRING: REAL ESTATE AGENTS

Servion Realty, a division of The Servion Group, is a full-service real estate brokerage serving the Twin Cities, Duluth-Superior, and western Wisconsin. Our real estate agents have been helping buyers and sellers attain their housing goals since 1996. The Servion Group, which is co-owned by 59 Minnesota credit unions, offers customers a one-stop shop for their real estate transactions, thanks to in-house business units that include realty, mortgage, and title.

With so much capability in-house, our Realtors® can be efficient, build a strong business, and satisfy clients consistently.

### **Who We're Looking For**

Licensed real estate agents who are also Realtors® and who are ready to take control of their own careers. We look for people who are hungry to grow their business, can work independently, and are highly motivated to succeed. If you're great with people and love helping them buy and sell homes, we want to hear from you!

We're open to agents at all experience levels, and you can join as a full-time or part-time agent.

### **What You Bring to the Table**

How will you know if you're a great fit? If you meet these qualifications, we'd love to hear from you:

- Licensed in MN (bonus points if you're licensed in WI, too)
- Licensed Broker in MN or WI a plus, but not required.
- Must be a member of SPAAR or MAAR, MNAR, and NAR
- Comfortable working independently
- Professional, organized, energetic, motivated
- Tech-savvy, extremely responsive to customers, professional, and love helping people.
- Enjoy meeting new people, building relationships, and attending community events

This is an independent contractor position, with potential high volume!

### **Why Servion Realty?**

We think there are four big reasons you'll love calling Servion Realty home:

- **The security:** We don't charge monthly brokerage fees, and you don't have to pay for a desk in our office.
- **The efficiency:** You can get answers fast because we have a broker manager, mortgage loan officers, title department, appraisers, and underwriting all under one roof.
- **The leads:** Our full-time agents receive about 50% of their closed business through leads provided by other parts of our company. (Part-time agents may be eligible for company leads as well).
- **The culture:** Feels like family. Fun. Friendly. That's how agents describe our brokerage. And our parent company, The Servion Group, was named one of the Star Tribune's Top Work Places in 2016 and 2017.

### **Ready To Grow Your Business?**
