The Servion Group Named One of Minnesota's Best Real Estate Companies

ST. PAUL, Minn. (February 1, 2022) – Servion Realty, a business unit of The Servion Group, was recently recognized by fellow Minnesotans as a Silver winner in the Best Real Estate Company category in the Star Tribune's 2022 statewide Minnesota's Best program.

The Minnesota's Best competition had more than 67,000 businesses, organizations and individuals competing in the state's premier Reader's Choice Award program to be named in the top three spots of more than 370 categories. More than 750,000 votes were submitted showcasing how customers, fans and friends feel about their favorite local businesses and the pride they have for Minnesota.

"Our commitment to work with and for our clients is the driving force behind everything we do," said Chris Nowak, Vice President of Servion Realty. "This award is a testament to our realtors and their dedication to serving our clients—both our credit union partners and community banks and the individual home buyers and sellers themselves. Moreover, being named one of Minnesota's Best after all the volatility in the real estate market over the last three years shows that we've been able to serve our clients well during an extremely challenging real estate market."
